

Hard Tool Storage Module, S-Hook

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. The Klein Tools Hard Tool Storage Module has multiple slots to accommodate a wide variety of Lineman tools. This will be the Lineman's office. The S-Hook System easily attaches to aerial buckets with a standard 2-Inch or 3-Inch (5.1 or 7.6 cm) bucket lip. An assortment of modules are available to customize each workstation to fit the tools needed for the job.
