

Features:

- Folds into a rigid PVC channel for wire or cable installations
- Easy storage for up to 100 ft. of raceway
- Low cost - High quality
- Perfect for around windows and doors
- Adhesive backing for fast-easy installation
- UL94VO Rated - flame retardant PVC
- Latex Paintable

The low profile and paintable surface allows this surface-mount raceway to be used on installations requiring minimum presence.

Having up to 100 feet of raceway, in four sizes, coiled in containers the size of a pizza box, results in less handling by the installer. Also, there will be less waste. This results in lower installation costs.

The installer uncoils a specific length of raceway, cuts the piece off, and folds it into a rigid, channel shape. Then, remove the tape-backing and apply the channel to a clean, dry surface. Secure the wires, or cable, in place and snap shut.

Inside Dimensions

SIZE WIDTH HEIGHT

1/4 in. 0.255" 0.125"

3/8 in. 0.375" 0.375"

1/2 in. 0.475" 0.475"

1 in. 1.085" 0.545"
